La Fondation

# Foreword

## The consortium

## Why a foundation ?

- **Scikit-learn is driven by a community**
- **Consolidation by a small number of payed members**
- **Academic founding was not reliable enough**

## New sponsors

## Partners

## Governance

- **Scikit-learn has its own governance**
- **The consortium has a technical and an advisory committee**

## Consortium roadmap

- **The community established a roadmap**
- **The consortium partners established a wishlist**
- **Scikit-learn core devs commented**
- **A meeting of consortium technical committee defined a roadmap**

## Consortium roadmap

- **Fast releases and development cycles**
- **Benchmark and compliance tests**
- **Tools to compare validity of models between versions**
- **Interpretability**
- **Confidence intervals for predictions**
- **New gradient boosting models**
- ...
